Digital Signage Project with Asia World Market

Techville is now proudly providing digital signage installation, setup, and maintenance services for Asia World Market (Plano, TX). Through our services, we would professionally help Asia World Market to present their weekly specials and promotions on

Their LCD displays throughout the store. This will enhance their marketing campaigns and provide high-tech convenience for their customers during their shopping trips. Asia World Market is one of largest Asian supermarket in the DFW area and is rated as "The Best Asian Supermarket in Town" by the "D" Magazine and the Dallas Observer. We are very excited with this project and hope to be able to provide them with our best.

UPDATE: UMAX Powerlook 2100XL Scanner

Software updates for PL2100XL-USB scanner

The updated version for MagicScan 5.2 software for the Powerlook 2100XL-USB scanner is now available and is ready for release sometime this month. This updated software will enable Powerlook 2100XL-USB scanners to be compatible with the newest MAC (MAC Leopard system 10.5 x) and Windows operating systems (Windows Vista). The updated software will also enable the scanners to be TWAIN compatible. More announcements will be made once the software is finally available for public.

Powerlook 2100XL-USB

SUCCESS STORY: Brookhaven Community College

Dear Techville,

Brookhaven students generally enjoyed using the Chinese PenPower Expert program, writing stylus, and pen scanner this semester. Benefits of their experiences included:

- New and interesting program; attention getting.
- The capability of instant translation, both for the exercises in the program as well as their own papers and textbooks.
- Spoken Characters.
- The chance of practicing their characters writing and getting feedbacks on the quality of their written characters (this is something they've never had the opportunity to do before).

Gene Robinson
Brookhaven Community College

Techville Educational Partner/ Pilot Program: Penpower Chinese Expert (PCE)

The SolarUno+ is a compact, lightweight, and easy-to-use USB solar charger that can charge your electronic gadgets such as cellular phones, MP3 players, etc. It is available in 4 colors and is absolutely great for those who fashionably enjoy the outdoors. The SolarUno+ is also specially designed to be environmentally friendly!

For more information on the products, please Visit us at (214) 739-7033 or visit our website www.umax.com.
